WHY WE USE IT?

Our BioCote Technology additive actively cleans all whiteboard and cork surfaces, inhibiting bacteria to reproduce. Data collected from performance tests showed that all BioCote Technology products had a significant bacteria reduction of 99%.

ECO-DESIGNED C2C CERTIFIED PRODUCTS

Select EARTH products are certified with Cradle to Cradle certification. Earth is MasterVision’s fastest growing global product line and it is the most comprehensive eco-range in the visual communication market.

We help partners, customers and end-users carry out their sustainability commitment.

C2C CERTIFIED PRODUCTS

Whiteboards

Corkboards

Revolving Boards

C2C CERTIFICATION

The Cradle to Cradle Certified™ Product Standard guides designers and manufacturers through a continual improvement process that looks at a product through five quality categories:

MATERIAL HEALTH

- Elimination of all toxic and unidentified chemicals throughout the production process

SOCIAL FAIRNESS

- We adhere to European human rights requirements and we are proud of our manufacturing clean air programs

MATERIAL REUTILIZATION

- Combustible waste collected throughout the production process
- Unusable waste turned into briquettes
- Most of our packaging is recyclable

WATER STEWARDSHIP

- At each level, progress is made towards cleaning up effluent to drinking water standard

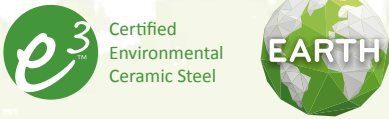

RENEWABLE ENERGY

- We incinerate approx. 250 tons of our production waste material
- Energy self generated through waste equates to almost 750,000 kwh per year

EARTH SERIES MAGNETIC PORCELAIN ALUMINUM FRAME WHITEBOARD

- Magnetic porcelain dry-erase surface is ghost and scratch resistant
- Easy 4-corner mounting for vertical or horizontal use
- Porcelain Surface is suitable for extensive use
