INTEGRATED POLICY

Quality, Environment, Occupational Health & Safety, C-TPAT and Social Responsibility

BI-BLOCO, BI-BRIGHT, BI-OFFICE and VIDROAPLANOS is committed to producing and providing high-quality solutions that meet the requirements of customers and stakeholders, while simultaneously ensuring environmental protection, pollution prevention, responsible climate action, occupational health and safety, supply chain security and respect for the principles of social responsibility, integrating these commitments into its strategy and operations.

Within the scope of the Integrated Management System, developed based on the **NP EN ISO 9001:2015** and **NP EN ISO 14001:2015** standards, and aligned with the criteria of the **C-TPAT (Customs Trade Partnership Against Terrorism)** program and **Social Responsibility** principles, the Administration commits to:

- **Ensure customer and other stakeholder satisfaction** through consistent compliance with applicable requirements.
- **Comply with legislation, standards, regulations, and other subscribed requirements** applicable to quality, environment, climate action, safety, supply chain, and social responsibility.
- **Promote the continuous improvement** of the Integrated Management System, its processes, objectives, and targets, monitoring quality, environmental, climate, and safety performance.
- **Identify, assess, and manage risks and opportunities**, including those associated with climate change, business continuity, safety, resources, energy, and emissions.
- **Prevent pollution, promote the sustainable and efficient use of resources**, energy efficiency, and the adoption of more sustainable technological solutions.
- **Monitor and evaluate performance through objectives, goals, and indicators**, supporting informed and improving decisions.

Under scope of **Occupational Health and Safety**, the organization is committed to providing **safe and healthy working conditions, preventing accidents and occupational diseases**, through hazard identification, risk assessment, compliance with applicable legislation, provision of **personal protective equipment, training**, incident reporting, **occurrence analysis, emergency preparedness** and safe storage of hazardous materials.

Regarding **Supply Chain Security (C-TPAT - Customs Trade Partnership Against Terrorism)**, it's committed to ensuring the **protection of facilities, people, goods, logistics processes and information**, preventing illicit activities, promoting physical and access security controls, evaluating partners and suppliers, raising employee awareness and ensuring the continuous improvement of security mechanisms.

Also acting ethically and responsibly, respecting human rights, promoting equal opportunities, fair and safe working conditions, rejecting any form of child or forced labor, respecting freedom of association, not resorting to abusive disciplinary practices, whether physical or psychological, guaranteeing non-discrimination, equal opportunities, complying with legislation regarding working hours and remuneration, and fostering responsible and transparent relationships with employees, customers, suppliers, and other stakeholders.

The Administration also assumes to provide the necessary resources to communicate and disseminate this Policy, ensuring its understanding and application, and to review it periodically, ensuring its continued suitability to the organizational context, strategy and stakeholder expectations.

This Integrated Policy constitutes the framework for defining the strategic objectives of the companies BI-SILQUE, BI-BLOCO, BI-BRIGHT, BI-OFFICE and VIDROAPLANOS.
